

STARWELD
BY STARCRAFT

2018 RUN STRONG.

If you're looking for a serious fishing boat that won't break the bank, the new 2018 lineup from Starweld is just for you. Guided by professional anglers who know what it takes to be a winner, the Starweld Pro Series models ride on Starcraft's legendary full-length reverse chine hull and offer big-water deep-Vs and a complete package of tournament fishing features. For maximum versatility, the Starweld Pro Series models give you the flexibility to choose the length, layout and features that best meet your needs and the freedom to get out on the water for less.

FOLLOW US

BUILT FOR A SOLID DAY ON THE WATER.

THE BEST RUNNING HULL AND THE ULTIMATE IN FISHABILITY, HANDS DOWN.

How do you match Starweld's legacy of durability? Start with a quality-welded deep-V and full-length reverse chine hull for faster planing and smoother performance. Use heavy-duty, torsion beam construction for added strength. Include spacious floorplans, generous casting decks for fishability and flexible seating options. Finish it all off with a long list of options like the trailerable ratchet cover, stainless steel 3-step boarding ladder and more hi-tech factory-installed electronics. From pro-designed hulls to rugged family fun machines, every Starweld boat is built to deliver dependable performance season after season.

STARWELD PRO

The Tourney-Tested Champions.

Designed by pro anglers for pro anglers, the Starweld Pro Series comes standard with our legendary full-length reverse chine hull. This hull is reinforced with a torsion beam construction (TBC) stringer system to deliver even more shock absorption and strength. The Pro also offers a built-in Humminbird Helix 5 sonar unit, large aerated livewells and lockable rod storage for up to eight rods. Superior performance and plentiful features at an affordable price make the Starweld a sure winner.

STANDARD FEATURES

- All-welded Construction with Lifetime Warranty
- Heavy .100 Gauge Hull
- Automotive-inspired Consoles with Speedometer, Tachometer, Volt Meter and Fuel Gauge
- Large, Durable Full-vinyl Bow and Casting Platforms
- 37-gallon Aerated Bow Livewell (20 Pro)
- 30-gallon Aerated Bow Livewell (18 Pro)
- 30-gallon Aerated Stern Livewell (16 Pro's)
- Automatic Bilge
- Jensen MS3A Stereo w/ Bluetooth®
- Trolling Motor Panel
- Sea Star Hydraulic Steering (20 & 18)
- Humminbird Helix 5 Built-in Sonar Unit

POPULAR OPTIONS

- 12/24 Volt Trolling Motor
- Battery Charger
- Snap-on Cover
- Trailerable Ratchet Cover
- Bimini Top w/ Visor (N/A on SC)
- Full Enclosure
- Bow Cover
- Additional Fishing Seat
- Power Pedestal
- Seat Slider
- Bow Cushion Seat
- Rear Flip-Down Bench Seat (16 Only)
- Stainless 3-step Boarding Ladder

1 All-welded Construction

Every Starweld offers the toughness and reliability of all-welded, marine-grade aluminum construction that's backed by a lifetime warranty on all seams.

2 Premium Console

Starweld consoles are automotive-inspired and feature flush-mount sonar graphs along with speedometer, tachometer, voltmeter and fuel gauge.

3 FreshCatch Livewells

Our aerated livewells are timed for convenience and feature a PowerStream nozzle, a single bilge and black thru-hulls. (See model lineup for location and sizes.)

4 Twice-baked Painted Hull

Starweld fully-painted hulls provide showroom looks designed to last for years.

5 Lockable Rod Storage

provides plenty of secure storage space for your gear and keeps the floor free of obstructions. (See model lineup for in-floor, bow, stern, port and starboard locations.)

6 Convertible Rear Bench and Stern Seats

allow you to quickly go from leisure to fishing.

7 Machine-formed Ribs

Our unique machine-formed ribs are stronger and more flexible than the heavy two-ply aluminum used by many competitors.

8 Torsion Beam Construction

Instead of the flat I-beams that you find on many boats, Starweld uses the exclusive Starcraft Torsion Beam Construction (TBC) stringer system for exceptional strength and shock absorption.

9 Injection Flotation Foam

On a Starweld, foam is injected, not poured, between the floor and hull — filling all air pockets. This provides greater strength and buoyancy and reduces noise.

10 Reverse Chine Hull

The Starweld full-length reverse chine hull pushes water down and away from the boat for quicker planing, improved cornering and a smoother, drier ride.

11 Aft Casting Platforms

Because Starweld boats are all about fishing, they have the largest aft casting platforms in their class.
